Overview

Through the generous contributions of the A.D Henderson Foundation and the Vermont Department for Children and Families, MENTOR Vermont provides annual funding to mentoring agencies, investing in the creation and support of quality, long-term, youth-adult mentoring programs.

Eligibility:

The Vermont Mentoring Grants (VMG) fund established mentoring programs supporting youth-adult matches in Vermont by nonprofits or schools. VMG funds may also be used to implement a new mentoring program supporting youth-adult matches. Programs in the planning or start-up phase with no plans of implementation during 2022-2023 are ineligible for funds, but are welcome to reach out to MENTOR Vermont for technical assistance with their planning process (sarah@mentorvt.org).

- **Program Model:**

- One-to-One
 - While programs may have group engagement, youth must be matched with an individual mentor.
- Youth-Adult
 - Mentors must be at least 18 years old and no longer in high school.
 - Matches must have a three-year age gap between mentor and youth.
- Engagement
 - Matches should meet for one hour a week or four hours a month (depending on program model) for matches meeting in person.
 - Matches should primarily meet in-person unless specific COVID-19 health and safety precautions require a match to meet remotely, or the mentor or youth will be out of town for an extended period of time.
(Connecting virtually when unable to meet during a given week or usual meeting time is encouraged over not connecting at all. If matches are meeting remotely due to COVID-19 health and safety precautions or the mentor or youth being out of town for an extended period, frequent, consistent and sustained communication is required.)

- **Program Year:** Operate at least 25 weeks of programming a year.
- **Diversity, Equity, and Inclusion (DEI):** Actively working on DEI in their program (policies and procedures, program practices including training, staff personal exploration of bias, etc.).
 - [Click here](#) to read MENTOR Vermont's commitment to DEI.
- **Best Practices:** Meet mentoring field best practices as defined by [The Elements of Effective Practice for Mentoring](#) and [the Quality Mentoring System](#).

MENTOR Vermont will provide:

- **Technical Assistance:** MENTOR Vermont offers the information and guidance you need to create a successful and sustainable mentoring program.
- **Resources:** MENTOR Vermont can help you find the resources and networks needed to create, maintain, and grow a quality mentoring program.

Timeline & How to Apply

Timeline:

 - Workers Compensation
 - General Liability & Property Damage
 - Automobile Liability (if transporting youth)
 - An agency or fiscal sponsor *IRS Tax Exempt Status Letter* or *Tax-Exempt Certificate*.
 - A detailed program budget using the [Program Budget Template](#).
 - First-year implementation funding applicants must also submit:
 - A [New Program Plan](#) - if not already submitted.
 - A signed Statement of Commitment from a principal or superintendent (if affiliated with a school).

First Year Implementation - Grant Criteria

Agencies with a mentoring program in its first year of implementation are eligible for VMG funding if they meet the following criteria. Agencies will:

- Commit to implementing a new youth-adult mentoring program meeting an unserved or underserved need in Vermont.
- Commit to securing funding outside of the VMG that is equal to or greater than the grant award from MENTOR Vermont.
- Commit to meeting nationally-recognized best practices in mentoring. This will be determined through your pre-grant meeting with MENTOR Vermont.
- Operate in a school or under a non-profit organization.
- Commit to creating and sustaining a specific number of mentoring matches within the grant period.
- Serve youth through the end of high school or work toward collaborating with nearby mentoring programs to create pathways for match transitions and continuation through the youth's high school graduation.
- Commit to an evaluation plan aligned with the data requested through the VMG application, grant reporting requirements, and the applicant's mentoring program objectives.
- If a site-based program at a school, applicants must demonstrate strong commitments from students, parents, teachers, school administrators, and school board members.

Established Programs - Grant Criteria

Agencies with established mentoring programs that are committed to quality, one-to-one, youth-adult mentoring in Vermont are eligible to apply for VMG funding if they meet the following criteria. Agencies will:

- [Quality Mentoring System](#) (QMS)
 - Demonstrate completion of the QMS process with MENTOR Vermont and that they are currently meeting all best practices, **or**
 - Commit to participating in the QMS process with MENTOR Vermont during the 2022-2023 grant year, and be committed to meeting all best practices by May 31, 2023.
Those programs that have completed the process are required to go through a renewal process every three years. Programs that are completing the QMS renewal process this grant year must demonstrate that they are meeting best practices by August 31, 2023.
- Commit to securing funding outside of the VMG that is equal to or greater than the grant award from MENTOR Vermont.
- Serve youth through the end of high school or work toward collaborating with nearby mentoring programs to create pathways for match transitions and continuation through the youth's high school graduation.
- Commit to an evaluation plan aligned with the data requested through the VMG application, grant reporting requirements, and the applicant's mentoring program objectives.

Reporting Requirements FY 2022-2023

The 2022-2023 VMG reporting is centered on measuring the impact grant funding has on programs, as well as evaluating key outcomes of MENTOR Vermont’s [Theory of Change](#), including its effectiveness in supporting the Vermont mentoring field. MENTOR Vermont is committed to only requesting data necessary to the following learning objectives:

- Identifying grantee strengths, challenges, opportunities for growth, and support.
- Better understanding the population served and community need for mentoring in the service areas where programs are funded.
- Gaining a firmer grasp on the breadth, reach, and collective impact of mentoring programs across the state.
- Assessing MENTOR Vermont progress toward achieving key [Theory of Change](#) outcomes.

Data collected through the VMG is part of a more collaborative and unified approach to working with agencies to better understand the Vermont mentoring field. VMG data is woven together with a variety of other MENTOR Vermont data collection methods (e.g. population opinion poll, periodic mentor-youth surveys) to paint a more accurate picture and a more relevant understanding of mentoring in Vermont. The benefits of this shared approach and obtaining consistent and reliable, statewide data on mentoring are vast, including:

- Demonstrating the reach and impact of mentoring statewide.
- Amplifying mentoring’s value to funders, legislators, surrounding communities, prospective mentors, youth, and families.
- Analyzing mentoring data alongside other relevant local, state and national data sources.
- Collecting more compelling data for advocacy efforts for mentoring, as well as a broader mentoring mindset across Vermont.

Reporting Requirements:

All grantees must:

- Provide all requested data to MENTOR Vermont, unless otherwise specified.
- Submit all reports through the [Vermont Mentoring Grants System](#).
- Conduct a comprehensive yearly survey of youth and mentors measuring quality and match experience (*60% minimum return rate*).
 - Grantees may use their own surveys for this or use any of the survey templates provided by MENTOR Vermont.
 - Grantees are encouraged to seek support and Technical Assistance from MENTOR Vermont to develop comprehensive surveys tailored to measure the impact of grantees specific mentoring program(s).
- Follow all of MENTOR Vermont’s administration guidelines for collecting, defining, and recording the requested data in the application, mid-year, and year-end report.

Report #	Report Type	Reporting Period	Due Date
1	Mid-Year	09/01/22 - 12/31/22	01/15/23
2	Year-end	09/01/22 - 05/31/23	06/15/23

Grantees will Report on the Following Areas:

- **Financials**
 - Revenue and expense actuals (utilizing the [VMG Budget Reporting Template](#))

Response Options: 1 = Strongly Disagree; 2 = Disagree; 3 = Agree; 4 = Strongly Agree

_____ # of mentors who responded "Strongly Agree"

_____ # of mentors who responded "Agree"

_____ # who responded to the item

The reporting requirements outlined above may be modified or changed at any time during the grant period by MENTOR Vermont. Any and all changes must be provided in writing to grantees with reasonable advance notice of acting on those changes.

Award Criteria

MENTOR Vermont anticipates that the collective amount of funding requested from qualified applicants will exceed the amount of funds available. To ensure these funds sustainably address the priorities of MENTOR Vermont, and to reflect a commitment to outcomes-based funding, MENTOR Vermont will use the *Vermont Mentoring Grant Review Rubric* (see appendix) to determine grant awards.

There are no maximum awards, but there is a one-to-one funding match requirement. Please use the following prompts to help determine what a realistic grant award might be for your application.

- **Program Growth (Number of Matches or Service Area):** Net-new matches are not a requirement for funding. To promote closing the Vermont mentoring gap, programs that can sustainably grow their program to serve underserved areas and/or reach more youth in their current service area may receive a larger grant award. Net-new matches will be measured based on past match totals and past grant goals.
- **Program Size:** Applicants that support a large number of matches can expect to receive a larger grant award. However, the funding per match for a larger program may be lower than the ratio for smaller programs.
- **Location:** What region in Vermont does the applicant serve? Is this area underserved? Are there fewer other funding options compared to other regions of the state?
- **Program Type:** Community-based, or site-based?
- **Weeks/Hours of Programming:** How many weeks does the mentoring program run per year? On average how many hours does a mentor match meet per month when program is running?
- **Agency Structure:** Is the applicant part of a larger agency, part of a school system, or a standalone non-profit?
- **Years of Operation:** Is the applicant established or in their first year of program implementation?
- **Other Circumstances:** Has COVID-19 required applicants to adjust their program in ways that have increased expenses? Does the applicant serve a population of youth that require greater support? Does the applicant have special circumstances not included in the factors above that warrant a higher level of funding per match?

Funding Per Match: For applicants serving fewer than 150 total matches, the funding awarded per match will likely fall within the following range:

- Community-Based: \$175-\$400 per match
- Site-Based: \$150-\$275 per match

Agencies with compelling other circumstances or larger mentoring programs that serve more than 150 matches should plan to discuss an appropriate request range with MENTOR Vermont during the pre-grant writing meeting. Awarded funding per match may change based on the amount of funding available for the Vermont Mentoring Grants.
